

Service instruction

Tail lift Signs and decals

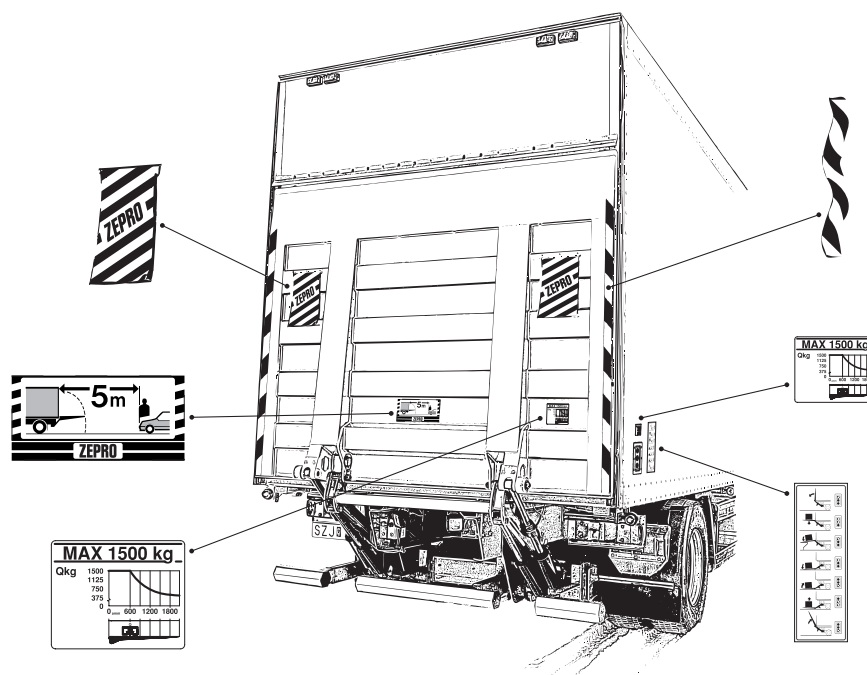

Decals, signs

Signs, decals, flags and warning tape must be legible, complete and sitting in the right place.

These should, from a safety perspective, to be replaced when they are worn / unintelligible.

Below is a picture of the different parts and their location.

There is a small warning set, spare part number 31290 containing:

Decal "Working area"

2pcs Warning flags incl. mounting profile

5m x 50mm Warning tape

Other stickers can be found if necessary in C-service under Accessories / decals, signs.

The Type plate is located on the support frame.

A new plate can be ordered on the prod. number. Is it not INTERPRETABLE on the plate you can find the prod. number in:

INSPECTION RECORD AND MAINTENANCE MANUAL that delivers with the Tail lift.
